Class Title: MGT384 The EOC's Role in Community Cyber Security (DHS Approved) (POST Certified)

Class Date: September 6-7, 2017 (1:00 pm-5:00 pm on Sep 6 and 8:00 am-5:00 pm on Sep 7)

Sponsor(s): Missouri State Emergency Management Agency, Texas Engineering Extension Service (TEEX), Springfield/Greene County EMA

Course Description: This is a 12-hour non-technical course designed to provide an awareness of how cyber events can impact a community, an Emergency Operations Center, and our daily lives. In this course, participants will discover the roles and responsibilities needed to detect, prevent, and respond to a cyber security incident. Using past cyber events, participants will explore how the EOC and community would plan for and manage information and resources needed for a cyber event and understand how cyber can be used to affect, disrupt, and/or complicate emergency responses.

Prerequisites: Completion of AWR136 Essentials of Community Cyber Security (NOTE: The AWR136 is being held in conjunction with the MGT384 and will be presented on September 6 from 8:00am-12:00pm)

Target Audience: Participants should be involved with any Emergency Operations Center (examples include: State, City, County, and University, Hospital or private sector). Participants involved in all EOC activities during a community emergency, disaster, or other event are encouraged to attend.

Location: Springfield/Greene County Public Safety Center
330 W. Scott
Springfield, MO 65803

Class Limit: 35Participants

Class Time: Sep 6 – 1:00pm-5:00pm; Sep 7 – 8:00am-5:00pm
