Class Title: AWR147 Rail Car Incident Response Course (DHS Approved) (POST Approved)

Class Date: June 3, 2016

Sponsor(s): Missouri State Emergency Management Agency, Jackson Fire and Rescue, and The Rural Domestic Preparedness Consortium (RDPC)

Course Description: The Rail Car Incident Response course is an 8-hour, awareness level course developed to educate rural emergency responders on freight rail car incidents involving hazardous materials. Because most freight rail traffic traverses rural areas, it is important that rural responders, especially those in resource-limited areas, understand the dangers and unique hazards these incidents present. Although safeguards are in place to prevent hazardous materials from causing harm under normal transportation, storage, handling and use, if any of these safeguards are circumvented, there is potential for great harm. Upon completion of this DHS approved course, participants will be better prepared to respond to a freight rail car incident without endangering the health and safety of responders.

Target Audience: Fire Services, Law Enforcement, EMS, HAZMAT, Emergency Management

Location: Jackson Civic Center
381 E. Deerwood Dr.
Jackson, MO

Class Limit: 40 Participants

Class Time: 8:00 a.m. - 5:00 p.m.

Enroll online at: <http://training.dps.mo.gov>
