Training Opportunity

SEMA

- Class Title:** AWR313 Homemade Explosives: Awareness, Recognition, and Response (DHS Approved) (POST Approved)
- Class Date:** May 10, 2017
- Sponsor(s):** Missouri State Emergency Management Agency, New Mexico Tech Energetic Materials Research and Testing Center (EMRTC), Clay County Sheriff's Dept, Clay County Health Dept.
- Course Description:** This awareness level mobile course addresses some of the major considerations a jurisdiction is required to answer when creating plans, procedures, and tactics to prevent and respond to homemade explosive incidents. Course Objectives: Identify components, interactions, and physical properties associated with explosive materials and explosive events; Recognize precursor materials used in the making of homemade explosives, and the similarities and differences in the precursors used in homemade explosives and illicit drugs; Recognize the processes of making homemade explosives and the similarities and differences in the processes of homemade explosives and illicit drugs; Identify various types of homemade explosives based on the precursor and manufacturing equipment observed at a potential homemade explosive manufacturing location; Respond safely and appropriately to a possible incident involving some or all of the following – homemade explosive materials, precursors, or improvised explosive devices; Provide information to public and private sectors concerning the identification and prevention of bomb making activity.
- Target Audience:** Actively employed or auxiliary member of a state, local, or federal first responder agency
- Location:** Clay County Health Department
800 Haines Road
Liberty, MO 64068
- Class Limit:** 75 Participants
- Class Time:** 8:00 a.m. – 5:00 p.m.
- Enroll online at:** <http://training.dps.mo.gov>
- Questions or issues with registration** Jack Raetz, Training Officer
