Class Title: PER275-1 Law Enforcement Active Shooter Emergency Response (LASER) Train the Trainer (DHS Approved) (POST Approved)

Class Date: September 15-17, 2015

Sponsor(s): Missouri Office of Homeland Security, Howell County EMA, West Plains Police Dept.

Course Description: Terrorism involving active shooter attacks on population centers has become part of law enforcement officers' awareness; however, there is a significant difference between awareness and readiness. Increased awareness of a problem does not ensure preparedness or appropriate response tactics. This course addresses technical aspects of planning and implementing a rapid law enforcement deployment to an active shooter incident. This is achieved through classroom presentations, hands-on performance-based field training, and scenario-based practical exercises. The Train the Trainer portion enables supervisors to attend the course, become certified course instructors, and deliver the course to their organization's co-workers and employees. Participants attending the train-the-trainer portion should have prior instructional experience and knowledge of instructional methodology and should have instructor certification by the authority having jurisdiction.

Prerequisites: All participants must be local or state law enforcement officers.

Target Audience: Law Enforcement

Location: West Plains Civic Center
110 St. Louis
West Plains, MO

Class Limit: 30 Participants

Class Time: 8:00 am – 5:00 pm
